Mr. Snow, a graduate of both Harvard University and Boston College, has been called by the New York Times "the best chronicler of the days of sailing alive today".

He is the author of 65 published books. His paramount interest has been the study of pirates, treasure, lighthouses, shipwrecks and ghosts.

Mr. Snow will share the program with local people who will portray Pilgrims and Indians. This different type Thanksgiving Sunday Service has grown in six years from an attendance of 35 to the record-breaking attendance of 350 last November.

The Rev. Edward F. White, who, in co-operation with all departments of the church, created the unusual service in 1966, invited all local branches of Boy Scouting and Girl Scouting. The members of the Church School will participate in

Open Letter TO THE

MATTAPOISETT SCHOOL COMMITTEE

The November 8th issue of the Presto published a letter under the name of the Parent-Teachers' Club. The letter placed the club membership in the role of political lobby. It urged that our School Committee hire:

1. A full-time reading/learning disabilities specialist for Center School.
2. A full-time reading/learning disabilities specialist for Old Hammondtown School.
3. A full-time guidance-home school adjustment counselor for both schools.
4. A full-time speech therapist for both schools.
5. A regional developmental psychologist or psychometrist.

Your acceptance of these proposals was urged as part of State Educational Goals Program.

What is this program? As you know but perhaps many other taxpayers do not, the Goals Program is a State originated docu-

(negotiable orders of withdrawal)

**Fairhaven Savings
announces the**

**"NOW" account. Spend what you need when you
need it and earn interest on the rest!**

WHAT IS IT—

HOW DOES IT WORK?

It's a savings account, a savings account you use like a checking account. You can spend any amount. Your savings in NOW start earning 5¼% interest from day of deposit. You can make withdrawals anytime, anywhere, with a NOW draft! If you write just a few checks a month, NOW is for you.

WHY USE IT?

NOW is better and safer than cash. More convenient. And the withdrawal drafts can be used just like checks.

Charges for NOW are minimal. The cost of a withdrawal order is just 15 cents. In addition, you get a statement of account every month, which completely details your previous month's activities. And you only pay when you use a

draft and there's no monthly service charge. A minimum \$10.00 balance is all that's required.

ACT NOW!

ment designed to promote analysis among educators and dialogue between them and parents. The goals, as explained by Dr. Joseph Kunces, are "pie in the sky" proposals based on the hypothetical assumption that money is no object. In other words, if you had all the money you need, what would you do to improve the school system? Under this ideal situation you would hire a full-time psychologist, lower student teacher ratio, hire paid aids, physical education specialist, music and art personnel, full-time speech therapist, sex education specialist, hire a full-time reading consultant, full-time handwriting supervisor, expand field trips, buy a farm, etc. etc. These and other programs and personnel were never intended as serious platforms for action.

I gather that rather than more fancy programs in our elementary school system most parents are concerned that their children obtain a basic knowledge of reading, writing and arithmetic, which many feel is not being absorbed at the present.

WEEKS ASKS FOR RECOUNT

Bill Weeks of Cohasset, Republican candidate for Congress, announced at a press conference in Hingham that he will ask for a vote recount in the 12th District in view of the narrow margin of his loss in the Congressional contest to Democrat Gerry E. Studds.

"Mr. Studds' apparent victory margin of about one-half of one percent is so razor-thin that I feel I owe it to the nearly 116,500 voters who supported me to determine once and for all whether we really lost," Weeks asserted. "My supporters are entitled to a recount. Many of them have indicated to me with telegrams and phone calls that they want a recount."

Leading The Way?

Editorial, D.C.J.

According to local commentators, Massachusetts' presidential choice was visionary-years ahead of its time. Massachusetts marched to the sound of distant drums which none of the other states were perceptive enough to heed. One New Bedford talk show M.C. even suggested on the air that perhaps democracy is not the best system for the country. He suggested that a corporation type government with teams of experts might be the answer for our future.

Massachusetts may be marching in a direction 180 degrees from the rest of the country but a lot of unenlightened pockets of resistance within the Commonwealth

A weakening of our private business and industrial system through higher taxation and inflation has been avoided. The list is much longer and debatable.

One thing is sure. The young of the country did not follow the lead of the Pied Piper of peace and government paternalism. The young voter was supposed to be the key to victory for Senator McGovern. That young voter demonstrated an ability to discriminate which must have surprised many. As the generation who must inherit the consequences, youth chose the position of strength and proven stability. Everyone's out of step but Massachusetts? Even the young voters of the nation went the other way.

If McGovern had not defeated himself by proposing programs completely unacceptable to most Americans, President Nixon would still have won re-election. He is a super executive. Of all modern presi-

LETTER TO COUNTY COMMISSIONERS

We the undersigned members of the Boards of Selectmen from Carver, Marion, Mattapoisett, Rochester and Wareham wish to publicly state our position in regard to the development of new legislation which would authorize funds for the Plymouth County Commissioners to carry out further studies in the field of solid waste disposal.

We fully realize that many of the towns in Plymouth County, particularly those towns closer to Boston, have a serious solid waste disposal problem. If the County Commissioners can help those towns to solve their problem, then by all means you should proceed to do so.

What the Commissioners must realize,

however, is that not all towns in Plymouth County are relying on the county to solve their problem. We in the five-town area either have taken, or are in the process of taking, the steps necessary to determine what we feel to be the optimum solution for each of the five towns. So, while we are fully in favor of the County helping out those towns that need help, at the same time we fear that you, the Commissioners, will try to pass legislation for a solid waste study and reassess the cost of the study back to each and every town in Plymouth County, including our five towns that have no need for this proposed study.

ATTENDED WORKSHOP

Officers and Board members of the Friends of the Mattapoisett Library attended an all-day workshop at the Snow Library in Orleans November 8th, on the subject of "Citizen Power", and how it can be guided and complemented by Friends groups.

Mrs. Carol Anderson, president; Dr. M. C. Rosenfield, secretary-treasurer; and Mrs. Mary Erhard of the Board of the Friends of the Mattapoisett Library heard talks by the principal speakers, Mrs. Lydia Goodhur, chairman of the Massachusetts Board of Library Commissioners; and Mr. Emerson Greenaway, former director of the Philadelphia Free Public Library. Mrs. Goodhue spoke on "Increased State Aid

and Its Significance to Small Libraries", a topic of considerable interest.

Watchdog Committee

There have been no public reports from this
Committee since our organization late last
Spring but we have been very busy. No
longer can the School Committees use the
phrase "no one attends our meetings" as
there are at least two members and usually
more in attendance at every meeting.

A recent meeting of the Regional Com-
mittee was held without a quorum. Our
Committee challenged the legality of such
a procedure. This challenge, while not
accepted gracefully by a few, was in-
strumental in producing the forthcoming
response. School Committee meetings as
set up by their by-laws are illegal with-
out a quorum.

Discipline problems and lack of respect
continue to remain one of the local and
region's greatest problems. Parents, teach-
ers and the administration should work to-
gether towards the decrease or hopefully
the elimination of such trouble. When
vandalism is transpiring in our schools,
it is time to reevaluate our standards and
take stronger disciplinary action. Young
people, through the high school years, de-
pend on and need discipline and authority

and this must be provided. If for no other reason, we must not allow our money to be thrown away by the destruction of our schools.

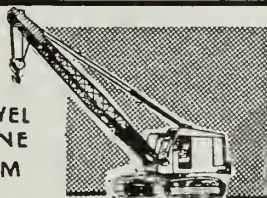

This has become a million dollar business with not only our children's education but our money at stake. This should be a challenge to the Mattapoisett, Marion and Rochester voters to take this contest more seriously and see that good, conscientious, responsible candidates are elected. A quorum should not be a difficult thing to obtain and meetings should not have to be delayed in order to meet this regulation.

Our Committee is small but we are working towards a better and happier situation in our schools. A better education for the many dollars spent is not too much to demand. We would welcome any interested parents and or taxpayers who would like to help us obtain this goal. Please contact Mrs. Peter Perkins, 758-2786. A larger attendance by this committee at all meet-
